Retail Price List Hopedale Nurseries

J. W. Griesemer, Prop.

HOPEDALE, ILL.

MAR 6 1925

We have been able to reduce the prices on some items this season again, but on a few items we were forced to raise them. Some items are so scarce and high that we have not listed them. If you want items not listed, ask for prices.

OUR DESCRIPTIVE CATALOG.

If you have misplaced our 48-page Descriptive Catalog, or want another copy, let us know. We want interested persons to have it, whether they buy or not. It is filled with useful information on spraying, planting and caring for fruits, and the squarest descriptions we were able to write. It is not new, and the few prices in it are not valid now. We got out a big addition to make it better, and are using it successive years.

REFERENCES.

If not acquainted with us, refer to Hopedale National Bank, Bradstreet's Commercial Agency of Peoria, or any business man in Hopedale.

TERMS.

Cash, or satisfactory reference from unknown customers. Those with established credit, 10 days date of purchase, or bill. Six per cent on over-due accounts, or where credit is extended beyond the regular time.

Six of a sort and grade at 10 rates, 50 at 100 rates.

GUARANTEE.

We guarantee every tree and plant that leaves our premises to be of the sort sold, in good, vital condition. **WE DO NOT GUARANTEE THEM TO GROW.** Too many things may happen to them after leaving our hands. Does any one guarantee a horse, cow or hog to grow for one year after selling it? One is as fair as the other. If the grade, count or vitality of the stock is wrong, please advise on receipt of same, that it may be adjusted. We will return purchase money, or send other plants, or give you guarantee of its growth, and so adjust it in either way you may choose. On bearing, any items prove untrue to name, we will furnish the right sort, or return the purchase money, as you elect, but will not be responsible to any greater extent. We exercise all care to have only good plants sent out, and the variety true, but mistakes do happen. We stand ready to make good, per above.

Stock packed and delivered to carriers at these prices, except as noted. Purchaser pays carriage charges, either Freight, Express or Parcels Post. If you send too much money for postage, it will be returned.

PLEASE STATE HOW STOCK IS TO BE SHIPPED.

When left to us, we use our best judgment, but assume no risk. No package over 84 inches in length and greatest girth combined, is mailable. This excludes trees, unless very small. On moderate packages, express is usually as cheap or often cheaper than Freight or Parcels Post. Outside the First and Second Zones, Postage soon exceeds Express cost. Your Postmaster can give you rates to your point.

SPECIAL QUOTATIONS.

We shall be glad to make special quotations, if large lots, or other grades or sorts are wanted.

FRUIT DEPARTMENT

Most of our trees are listed by diameter (caliper) just above the swell near the ground. Shrubs and small stock by height or age. Where both diameter and height are named, height is estimated and diameter correct.

SORTS—Abundance, Burbank, Damsen, Gage, German Prune, Lombard, Poole's Pride, Wild Goose, Gold and Wolf. Other sorts supplied on early orders.

PEACHES.

Last year the Peach crop was a money-maker. Many fruit growers were put square on their feet by it. In farmers' orchard they helped very much to tide over depressing times. Plant Peaches for quick crop and big profits.

XX grade, $\frac{3}{4}$ in. and up..... Each 65c; 10 for \$6.00; 100 for \$50.00
 1st grade 4-6 ft. Each 50c; 10 for \$4.00; 100 for \$35.00.

If you are interested in other fruits, let us know. We may be able to save you money on them. The same is true of sorts not named in this list.

ORNAMENTAL DEPARTMENT

Not so long ago Ornaments were considered an unnecessary luxury. Now they are considered to be a vital necessity. Suburban and interurban residences are making every effort to make their home ground as near "Woodsy" as possible. Since our native forests have nearly disappeared farmers too, are feeling the need of "Back to Nature." Many of our farm homes are now as well planted and cared for as the best suburban homes.

The "Plan to Plant Another Tree" movement is sweeping the entire country. Plant for comfort, health and beauty. Make your HOUSE a real HOME, by proper planting.

Landscape work about almost any place is a great addition to its appearance and selling value. Make your farm homes at least as attractive and modern as city homes. Your boys and girl's won't want to leave the farm. Don't wait too long. "An ounce of preventative" is worth several pounds of "Cure," in this case. Any one can do something to help. We can help you plan, outside of packing season. We

cannot stop to do this in the midst of packing. Our charge is reasonable for this. If you have a job demanding more expert service than we have, we will be frank to advise you to get better advice.

Large ornamentals are very hard to pack for shipment, except in car lots. Get them from here with hay-rack or truck. We can secure truck for you, if you wish it.

We have small lots in many sorts not listed, and are in close connection with other growers of many other sorts. **LET US QUOTE ON YOUR WANTS.**

ORNAMENTAL TREES

PRICES INCLUDING PACKING. Trees 4 in. and over caliper (Diameter) are very expensive to pack. Prices on 4 in. and up **DO NOT INCLUDE PACKING** to ship, except via. Truck or Car Lot. (Col.) means collected from forest.

We can supply any tree grown by the trade, and many not listed, thru collectors, if we have your order in time. In fact, given time, we can do almost any plant that grows.

Deciduous Shrubs.

Until recent years, these had played a very small part in plantings, especially in rural sections. Now they are so much in demand throughout the land that some of them are very scarce. They are indeed coming into their own. Many, very many, places would be bear and bleak if not for Shrubs. Trees are not wanted, or cannot be used there. Do not forget that they fill a place that you must not overlook for the beauty and comfort of your home. Descriptive Catalogue will help you in describing most of the Shrubs we list. If you have misplaced your copy, ask for another.

IT IS IMPOSSIBLE for us to list ALL items that we grow, handle and supply. ASK for prices on anything that grows. State grade and amount as well as the sort wanted. It saves time, and enables us to serve you better.

Hardy Bulbs

Plant in the Fall. This includes Tulips, Hyacinths, Narcissus, Crocus and Hardy Liljes. Prices are not fixed on these. In their season we carry a good stock of them. Ask for prices in September-October.

PERENNIALS

We have a splendid stock of these, and can please you. Items we do not grow ourselves, we exchange with other growers, each of us giving our surplus for something we need. This saves cost to each of us—you get the benefit in better prices and service. If we do not list the items that interest you, ask for them, naming sort, grade and amount wanted. We can do LARGER plants in most of these, at higher prices, and SMALLER plants at less price.

The following Perennials singles, 10c each; 3 for 25c; small clumps (such as grow in clumps) 15c each; 2 for 25c. Larger clumps priced according to the size of clump. Number following name indicates the No. of sorts or colors in that item.

In some of above we can do immense lots, at low prices. In native Perennials, we are leaders. Supplying one million annually. If interested, ask for our list of choice Wild Plants.

“PLAN TO PLANT ANOTHER TREE.” This movement is being taken up by Kewanee Club, Rotarians, Civic organizations, Farm and Home Bureaus, Ass’n., of Commerce, Municipalities, and others interested in improvements. In fact, it is advocated to “Make America more beautiful and fruitful.” It is NOT an advertising scheme by nurserymen. It is a general improvement scheme. \$10,000 is to be raised this year to advertise this matter, and you will see it in many of your favorite papers. Get behind it and BOOST before it is too late. At the rate deforestation has been going on for the past 15 years, 15 years more will find Tazewell county, for example, without a single original piece of woods left! What does this mean to us? Ask the Forestry department. It means greater heat and drought, greater floods and damages from them. It means less health and comfort for both man and beast. Get in line—plant more fruits, windbreaks, groves for health, comfort and beauty. “DO IT NOW” before it is too late.

SPRAYING MATERIAL

We handle only reliable material. Too much work to do to run risks. We have bought what we think will run us thru the season. When stock is gone, prices may be lowered, or raised on new supply.

DRY LIME-SULPHUR—This has several advantages. No Ft. on water, seems as effective, no waste from evaporation or oxidizing, or freezing. If kept in dry place, it keeps indefinitely—always on hand and ready when you are ready. Has the disadvantage of requiring to be dissolved, but it dissolves readily. 1 lb. package 30c; 5 lb. package \$1.25; 10 lb. package \$1.85; 25 lb. package @ 16c lb.; 50 lb. drum @ 15c lb.; 100 lb. drum @ 14c lb. It takes 12-14 lb. to 50 gal. water. Of the liquid, following, it takes 5 gal. for 50 gal. water. This for the dormant spray. For summer use when trees are in leaf, use $\frac{1}{4}$ as much of either.

LIME SULPHUR SOLUTION—Bbls. of about 50 gal., 20c gal., F.O.B. St. Louis. F.O.B. Hopedale, 26c gal. Barrels are charged @ \$2.00 each. This is returned when barrels are returned here, or to St. Louis.

One-half bbls., about 25 gal. @ 23c gal. F.O.B. St. Louis; 29c gal. F. O. B. here. \$1.50 charged for barrel, returnable

Less lots from here, purchasers supplying containers, 35c gal; 10 gal. for \$3.00.

ARSENATE OF LEAD, DRY— $\frac{1}{2}$ lb. packages, 25c; 1 lb. package 40c; 5 lb. package \$1.75; 10 lb. package \$3.25; 25 lb. drum for \$8.00.

ARSENATE OF LEAD POWDER—Pleased to quote large lots F.O.B. St. Louis, or Peoria. We carry in stock the following containers: $\frac{1}{2}$ lb. package, 25c; 1 lb. package 40c; 5 lb. package, \$1.75; 10 lb. package \$3.25; 25 lb. drum, 31c lb.

NICOTINE-SULPHIDE—The best remedy for lice. $\frac{1}{2}$ lb. tins, \$1.00 each, for 50 gal. spray.

SULPHO TOBACCO SOAP—3 oz. 10c; 8 oz. 20c; pound 35c. For house and garden use. Booklet with each purchase.

SCALECIDE—This seems to be the best material to use for combating scale, at least by the amateur. 1 qt. can 50c; 1 gal. can \$1.25; 5 gal. can \$5.60. Drawn from the barrel in your container, 5 gal. can \$5.25; 10 gal. can \$10.00. Cost of crating for shipment added.

Wood Veneer Tree Wrappers

10x20 in. veneered to wrap around the tree.

Cottonwood Wrappers—2c each; 20c doz. \$1.50 per 100.

Yellow Poplar Veneers—3c each; 30c doz; \$2.25 per 100.

If you have not been entirely satisfied with our stock or treatment, tell us about it. We want you satisfied. We want to adjust anything in which we are at fault.
